Dear Dr. Lederberg:

Please pardon my long delay in answer to your request of October 16 for my reprints on chimerism and induced tolerance. I am enclosing the reprint you mentioned and several others.

I do not yet have reprints of the more definitive article which appeared in the Annals of the New York Academy of Science, Vol. 73, page 799, 1958. When these arrive I shall forward one to you. One additional article on this subject will appear in the February issue of the Journal of the National Cancer Institute.

With kindest regards, I am

Sincerely yours,

John J. Trentin
